Symbol Is4278 carriage return

14 NOTE If three scanners are actively connected to the cradle (Multipoint-to-Point mode), a fourth scanner cannot connect regardless of the pairing mode. UNLOCKED PAIRING MODE (Default) There are two pairing methods. The default method pairs (connects) the scanner and cradle when the pairing bar code on the cradle is scanned. A second method pairs the scanner and cradle when the scanner is inserted in the cradle. To enable this feature, scan Enable Pair On Contacts below. With this feature enabled it is not necessary to scan the pairing bar code on the cradle. If the pairing is successful, a low/high connection beep sequence sounds a few seconds after the scanner is placed in the cradle. ENABLE PAIR ON CONTACTS To append a carriage return/line feed to all transmitted data, scan the following bar codes in the order shown. To cancel this operation, the SET DEFAULTS bar code on page 8, or refer to the Product Reference Guide. LOCKED PAIRING MODE DISABLE PAIR ON CONTACTS (Default) SCAN OPTIONS Symbol LS4278 ENTER Article ID: 79164819 Issue / Question How can I add an automatic enter key after a scan with a LI4278? Applicable To LI4278 Resolution / Answer An automatic enter key can be add to an LI4278 by scanning the (3) barcodes below in the listed sequence. Enabling a carriage return, or enter key, on your scanner is very straightforward. In the user manual for your scanner, under the scan options section, there are barcodes to enable the carriage return suffix. For more detailed instructions, see our carriage return blog post! Need Help? We have answers to all your Tech Support needs! This question is associated with products: Zebra DS2208 The Zebra DS2208 is the perfect blend of price and performance, it essentially is a cross between the very affordable LI2208 and performance based DS4308 barcode scanners. This 2D scanner is designed for all types of retail environments and scans very aggressively at all angles, in all light conditions, and on most forms of media including cell phone screens. This scanner was built with future proofing in mind where it can scan both standard UPC Barcodes as well as 2D QR Codes for mobile couponing or customer registration. Zebra LI2208 The LI2208 offers the high power scanning you expect from Zebra. This durable linear imager has a tremendous depth of field, making it easy to read 1D barcodes in virtually any environment. A reinforced single-board design gives the LI2208 additional durability and resistance to day-to-day use and abuse. Zebra DS4800 Instilling a feeling of class and sophistication with it's sleek appearance and programmable sounds, the DS4800 scanner is a perfect match for the specialty retailer who desires a high functioning 2D scanner for their high end environment. Zebra LS2208 This is one of the longest and best selling scanners on the market, and for good reason. The Zebra LS2208 provides the kind of fast laser scanning that makes it a mainstay for almost any retailer. Adding in an auto-sense stand turns the LS2208 into a great dual-purpose handheld and hands-free scanning solution. Symbol DS6707 Hand Held 2D Digital Imager w/ Data Capture Symbol LS3408 Rugged Industrial Barcode Scanners Symbol LS3008 Rugged Light Industrial Barcode Scanner Symbol LS3578 Cordless laser scanning in rough environments is easy with the Symbol LS3578. Available with a fuzzy logic or extended range scanner, there is an LS3578 idea for your needs. Reinforced components and an IP65 seal allow the LS3578 to survive harsh environments, such as warehouses or manufacturing. The laser scanner is light immune, ensuring quick scans virtually anywhere. Zebra DS3678 Bluetooth and 2D, the DS3678 is the ultimate rugged scanner with the freedom of cordless user movement and variety of scan engines to meet all industrial scanning needs. Zebra DS3608 Zebra's ultra-rugged DS3608 corded 2D imager is ideal for extreme environment data capture. From sub freezing temps to overly dirty sites, the DS3608's powerful scan engine will get the job done quickly. Zebra CS3070 Great for mobile data scanning, the Zebra CS3070 Bluetooth pocket scanner pair easily with your iPhone, Android, or Bluetooth-equipped mobile device and is small enough to fit in the palm of your hand. Zebra CS4070 Great at reading screens, the Zebra CS4070 Bluetooth 2D mobile scanner captures barcodes rapidly and would be best for high volume ticketing or inventory management. Symbol DS9208 The Symbol DS9208 puts great scanning in a small package. The rounded scanning window minimizes glare, making it easy for the scanner to read barcodes on LCD displays, allowing for mobile ticketing and couponing. A fast 2D scanner, it can handle high volume retail scanning, such as in department stores or pharmacies. Zebra DS7708 The Symbol DS7708 by Zebra is an ultra durable, high performing on-counter scanner ideal for markets and convenience stores.
